

## AMENDMENTS TO THE CLAIMS

Claims 1-14 (canceled)

Claim 15 (currently amended). A device comprising:  
a display unit;  
means for displaying a first screen on the display unit, the first screen displaying a plurality of selectable language options for selecting a display language on the display unit; and  
means for displaying a second screen with an option on the display unit, the option having a same appearance regardless of the display language currently displayed, wherein the first screen is displayed when the option is designated on the second screen.

Claim 16 (previously presented). A device according to claim 15, wherein the option is indicated in a predetermined language regardless of the display language currently selected.

Claim 17 (previously presented). A device according to claim 16, wherein the predetermined language is English.

Claim 18 (previously presented). A device according to claim 15, wherein the option is indicated by a predetermined symbol regardless of the display language currently selected.

Claim 19 (previously presented). A device according to claim 15, wherein the second screen provides plural options for various device settings.

Claims 20-25 (canceled)

Claim 26 (currently amended). A device comprising:  
a display unit;  
a controller which displays a screen on the display unit, the screen displaying a plurality of selectable language options for selecting a display language; and  
a dedicated key switch provided outside of the display unit, wherein the display language selection screen is directly displayed on the display unit when the dedicated key switch is operated, the dedicated key switch being used only for displaying the display language selecting screen on the display unit.

Claim 27 (currently amended). A display device comprising:  
a display unit which displays a first screen with a plurality of selectable language options for selecting a display language and a second screen with an option, wherein the first screen is displayed when the option is designated; and

a control unit which controls the option to appear the same regardless of the display language currently displayed.

Claim 28 (previously presented). A display device according to claim 27, wherein the option is indicated in a predetermined language regardless of the display language currently selected.

Claim 29 (previously presented). A display device according to claim 27, wherein the option is indicated by a predetermined symbol regardless of the display language currently selected.

Claim 30 (currently amended). A method of display comprising:  
displaying a first screen with an option in a first display language;  
displaying a second screen when the option is designated on the first screen, the second screen displaying a plurality of selectable language options for selecting a display language when the option is designated on the first screen;

setting the selected language through the second screen as a second display language, the second display language being different from the first display language; and

displaying a third screen with the option in the second display language, said option having a same appearance as in the first screen although the third screen is displayed in the second language.

Claim 31 (previously presented). A display device according to claim 30, wherein the option is indicated in a predetermined language regardless of the display language currently selected.

Claim 32 (previously presented). A display device according to claim 30, wherein the option is indicated by a predetermined symbol regardless of the display language currently selected.
